Invitation Letter

National and Kapodistrian
UNIVERSITY OF ATHENS

Athens, 6/11/2015

Dear Colleagues,

The Department of Nursing of the School of Health Sciences, National and Kapodistrian University of Athens and the Sector of Paediatric Nursing of the Hellenic National Nurses Association (ΕΣΝΕ), are delighted to apply for the organization of the 4th PNAE Congress 2018 in Greece.

Our contribution as active members in PNAE's educational activities combined with our deep desire to present the scientific workforce of our country and to present an esteemed international forum to our fellows where they can share their knowledge and experience in the city of Athens, led us to the decision to submit for hosting the 4th PNAE Congress 2018.

Greece has always been at the crossroads of civilizations and at the forefront of scientific way of thinking both in the ancient and modern eras. It has been the acknowledged groundwork for the western civilizations, for the most physical and mathematical sciences and continues to inspire in many fields of scientific and technological innovations. Greece has a unique natural environment, lots of world heritage monuments and is surrounded by different islands of unparalleled beauty, representing the perfect conditions for recreation. Spring is probably the best season to visit Greece, since the weather is pleasantly warm and encourages visitors to combine business with pleasure in a very welcoming and relaxing environment.

We are committed to organizing a successful congress and providing a memorable occasion for scientific and cultural interaction framed in the famous traditional "Greek Hospitality".

We are cordially inviting you to experience "Inspiring Greece" and we can reassure you that the 4th PNAE Congress, should it be organized in our country, will leave deep memories in PNAE members.

Cordially yours

On behalf of the

Dept. of Nursing, School of Health Sciences, National and Kapodistrian University of Athens
and the Sector of Paediatric Nursing of the Hellenic National Nurses Association
