Subject: Website for Pediatric Nursing Associations of Europe (PNAE)

Dear President,

During the 34^o PNAE meeting (17th-18th October 2019, in Zara, Croatia), Dr Immacolata Dall'Oglio, PNAE member on behalf of National Federation of Nursing Professions Orders (FNOPI), told us about the confirmation of availability by FNOPI to host the new PNAE website. As PNAE new Chair/Co-ordinator, I am very happy to thank FNOPI for this great opportunity for PNAE. Having a new website means that PNAE will give more value to the European Associations and improved visibility about the activities of PNAE among the nurses involved in pediatric nursing around Europe.

We would like to suggest that the new website could be named “PNAE – Pediatric Nursing Associations of Europe” if that is acceptable please. This is our title but we consider in this way, it could be easier to search for PNAE on web. We also appreciated the availability of Immacolata, for update activities relating the new PNAE website. Immacolata was also named as new PNAE Deputy at the last meeting in Zara (Croatia), and the responsibility of website update is consistent with her role. However, considering the need to assure the continuity of PNAE website update, we would like to ask you about the possibility that she could share username/password with Jean Davies, the secretary of PNAE.

We have sought permission from the members of PNAE who represent their country pediatric associations and are happy to take on board any suggestions FNOPI could need for this project. Thank you.

I will be attending our conference in Estonia in June, 2020 and I do hope we can welcome many of the Italian nurses involved in pediatric nursing.

Best wishes

Jane
