A: Dall'Oglio Immacolata

Dear Immacolata Dall'Oglio,

**Congratulations** on the acceptance of your article, FAMP-D-20-00434, in BMC Family Practice.

**FIRST QUESTION: which care for children in community across Europe?**

**SECOND QUESTION: general physician or paediatrician in the community for children? ?**

**THIRD QUESTION: are paediatric or general nurses involved for care of children in community?**

# Which functions for paediatric nursing in community?

- Prevention and education
  - Clinical practice in general doctor/pediatrician office
  - Service organization
  - Other?
- Which education for nurses in community for children?
  - Other questions?

What do you think of this idea for a  
PNAE survey?

Who would like to collaborate?

THANK YOU!!
