SOME PROPOSALS OF A PAEDIATRIC NURSING
TECHNICAL GROUP*

1) Definition of minimum professional standards to operate in contexts with differentiation between I and II level and in district areas (art. 3.5 and 22 of the Health Agreement of 07.10.2014)) in order to ensure adequate pediatric and neonatology nursing care

3) Development of primary and district nursing care for children .Paediatric nurses must be part of a multi-professional groups with paediatricians. In this way, the care of children with chronic diseases is better ensured, and the number of hospitalized patients can decrease.

PROFESSIONAL PROFILE AND NURSING ORDER

1) It's important to maintain two distinct professional profiles (GN, PN)

3) Family have the right to know if their child health provider has a paediatric education and abilitation (PNAE concept).
