Simulation competition

SIMULATION COMPETITION

- ORGANIZED BY CAROLINE CLAUDE AND ORSOLA GAWRONSKI
- 4 TEAMS, 3 SCENARIOS, 3 JURY MEMBERS
- PARTICIPANTS ALL WON A FREE TICKET TO NETWORKING EVENT
- WINNING TEAM WON A FREE REGISTRATION TO NEXT EAPS 2026

EAPS 2026

- 5 concurrent halls + 1 more day
- Currently organizing plenary speakers (suggestions welcome); the goal is to have them invited by the end of November.
- Looking for other societies; incentives are money to the societies, reduced registration fees to members that can be transformed into specific funding for members (eg: PNAE)
- Proposals for standard sessions to be sent by November 10th.
 - Current pediatrics, 2-4 speakers covering a topic of your specialty
 - Pediatric in practice interdisciplinary sessions (each Society can suggest 2)
 - Morning rounds, 1-2 speakers

EAPS 2026

- For the beyond medicine, patients family perspectives sessions, please provides suggestions, no limitations, those will be decided by the Committee

Program structure for 2026

4 days

- 5 halls
- 1 plenary session per day

EAPS 2026

- **Abstract reviewers**

Each committee member should provide 1 or 2 junior fellows who will help review the abstracts. Each of the fellows will in return receive waived registration for the congress and could also be considered for chairing roles and for talk opportunities. If needed, we could also consider offering accommodation, depending on budgetary constraints.

FUTURE STEPS & OPPORTUNITIES

- Identify active members to be in the EAPS Scientific Committee (they are moving on fast!)
- Provide speakers for talks keeping in mind the different target audience compared to PNAE 2026
- Opportunity to financially support key PNAE activities (social media management? Registrations and travel expenses covered for European nurses?)

RISKS

- Lower attendance to PNAE conferences?
- Other?
