Reason to update goals and purposes of PNAE

The first document was old and with goals and purposes in the TORR we had the same things in 2 documents. It needed a revision.

We sent each other the new text, and format & all looked at it and commented.

We agreed that this was the right way to work and you now received the document.

Our question was to read it before the meeting.

Are there any comments or questions ?

If not this draft will be final and will be put on the website.
